Re: Forest Highlands Direct Grant Award

Dear Ross,

The Forest Highlands Foundation is pleased to grant an award of $50,000 to Flagstaff Shelter Services, The Lantern: Hotel Housing Project security program. We passionately believe in the impact you are making in our community and are delighted to contribute to your success.

Please keep us apprised of your progress toward the program's goals and share with us the impact of our contribution toward those goals. We further hope you will include a link to our organization https://fhgc.com/forest-highlands-foundation/ on your website as we do the same and include you in our Annual Impact Report.

In addition, our Board periodically schedules visits to our grant recipients to see their programs in action. We hope that if we call, we can arrange for such an opportunity and learn more about Flagstaff Shelter Services.

On behalf of the entire Forest Highlands Community, we thank you for the work you do for those in need in Coconino County. We remain excited about being able to help you make your mission and vision a reality. Please note that you will be receiving your award check from the Forest Highlands Foundation directly from Chase Bank. If you have not received it by October 9th, please contact us at 928.525.5200.

Wishing you all the best in accomplishing the goals outlined in your 2025 application, and we look forward to hearing about your progress.

Sincerely,

Howard Nute, Chairman
Wendy Godfrey, Chairman
Shirley Loprino, Co-Chair
Forest Highlands Foundation FHF Grants Committee
